Dear Colleague

EXTRA RESOURCES PACKAGE FOR IMPROVING GP RECRUITMENT AND RETENTION: UPDATED GUIDANCE

Summary

1. This circular provides updated guidance and details of amendments made to the "golden hello" scheme for general medical practitioners in Scotland. The revised guidance has been agreed between the Scottish Executive Health Department (SEHD) and the Scottish General Practitioners Committee (SGPC). The circular also provides details of an amendment to the Statement of Fees and Allowances (SFA) which takes account of the changes made.

Background

3. This circular further updates the guidance by making the following additional changes:

• From 29 November 2002, the minimum commitment that a GP must work to be eligible for a golden hello payment has been reduced from 25% to 20% of a full-time commitment.

This means that any GP working in a post with a commitment of between 20% and 25% on 29 November 2002 who was appointed on or after 1 April 2001 and who is still working in the post may be eligible for a golden hello payment, providing the GP meets the scheme’s eligibility criteria (as outlined in the relevant sections of the SFA). The date of eligibility is 29 November 2002.
• The scheme has been extended to include GPs returning to practice from 24 September 2002 onwards.

This change to the scheme applies to all practitioners returning to practice on or after 24 September 2002 who have not received a payment under the scheme previously and who were not included on a medical list of any Primary Care Trust/NHS Board or employed by a GMS principal or PMS performer (except as a locum) on 23 September 2002 or in the 3 months immediately prior to that date. GPs returning to practice before 24 September 2002 (the date on which the extension of the scheme was announced) will not be eligible for a "golden hello" payment unless they have taken up an eligible post, as set out in the relevant sections of the SFA, for the first time.

4. A determination of these changes to the SFA is included in this circular at Annex A. A copy of the amendments made to the SFA is attached at Annex B. These amendments have also been replicated in the SFA on the Scottish Health on the Web site.

5. Attached at Annexes C and D are copies of the revised claim forms which should be used when applying for payment under the scheme. These new forms replace the claim forms attached at Annexes C and D within PCA(M)(2002)16. All other claim forms (ie Annexes E - G contained within PCA(M)(2002)16) which relate to other components of the scheme remain the same.

Action

6. Primary Care Trusts/NHS Boards are requested to bring this Circular to the attention of all GP practices in their area and to their Area Medical Committee for the attention of the Secretary of the GP Sub-Committee.

Yours sincerely

MIKE PALMER
Assistant Director (Policy)

Golden Hello Payments

15.1 Practitioners who:

(a) From 1 April 2001

i. take up their first eligible post under GMS or PMS; or,

ii. take up their first eligible post following employment as a GP retainee; or,

(b) From 24 September 2002, take up an eligible post under GMS, and on that date:

i. they were not included in the medical list of a PCT/NHS Board; or,

ii. employed in general practice by a principal to assist in the provision of general medical services (except as a locum); or,

iii. engaged in the performance of PMS as either a provider or an employee of a PMS provider

will be eligible for payment as set out in schedule 1/paragraph 1 provided the conditions specified in paragraphs 15.7 - 15.9 are met.

15.2 For the purposes of this scheme, an eligible post is any post

a) under GMS or PMS as either a GMS GP principal, assistant, associate, salaried GP or as a PMS performer; and,

b) in the case of employed doctors, with either an open-ended contract or fixed term contract of more than 2 years; and

c) i. if the post was taken up prior to 29 November 2002, with a total time commitment of 25% or more; or

ii. if the post was taken up from 29 November 2002, with a total time commitment of 20% or more.

15.3 For the purpose of 15.2 c), the total time commitment can apply to either a single post or as an aggregate of two separate posts.

15.4 All qualifying practitioners are eligible for a standard lump sum payment related to their time commitment.

15.5 Applications for payment under this scheme will only be considered if made within the appropriate time limits as set out below.

(a) For posts taken up under 15.1(a)
Before 1 April 2002  within 18 months of starting an eligible post  
From 1 April 2002  within 12 months of starting an eligible post  

(b) For posts taken up under 15.1(b)  

Before 1 April 2003  within 18 months of starting an eligible post  
From 1 April 2003  within 12 months of starting an eligible post  

15.6  Eligibility for payment under this paragraph will be calculated according to the circumstances of the practitioner and post on the date the position commenced.  

**Eligibility for Golden Hello Payments**  

15.7  The scheme will apply to all qualifying practitioners as set out in 15.1 provided they have not received a payment under the scheme previously and that:  

i. practitioners eligible under 15.1 (a)i have never worked in an eligible post;  

ii. practitioners eligible for a payment under 15.1 (a)ii have not worked in an eligible post since leaving the GP Retainer scheme;  

iii. practitioners eligible for a payment under 15.1 (b) were not included on a medical list of any PCT/NHS Board or employed by a GMS principal or PMS performer (except as a locum) on 24/09/02 or in the 3 months immediately prior to that date  

15.8  For the purposes of paragraphs 15.1 and 15.7 a doctor appointed under regulations 24(2) or 24(7) of the NHS (General Medical Services) (Scotland) Regulations 1995 to provide unrestricted general medical services will not be regarded as having been included on the list of a PCT/NHS Board.  

15.9  For the purpose of paragraph 15.7, practitioners working in a post on 29 November 2002 that was taken up on or after 1 April 2001 and has a commitment of 20 – 24%, are now eligible for a payment under this scheme. Applications for payment should be submitted prior to 29 November 2003.  

**Payments for practitioners in areas attracting additional payments**  

15.10  In addition to the standard payment, practitioners taking up an eligible post in a practice within an area attracting additional payments on the first date in post will be eligible to receive a further payment as specified in Paragraph1/Schedule1. Criteria for payment shall be the same as for standard payments to doctors taking up an eligible post as set out in paragraph 15.1. The criteria may be reviewed by Scottish Ministers from time to time. Additional payments are available as follows:  

15.10.1  A supplementary golden hello of £5,000 will be paid to every GP taking up an eligible post in a remote and rural area. For these purposes, remote and rural is defined as practices with an out of hours rota of 1:3 or worse, or island practices. For out of hours cases, this payment will be available only where the Primary Care Trust/NHS Board, in consultation with the GP Sub-Committee, confirms that the reason for the heavy out of hours commitment is the practice's
location and lack of feasible options for joining an out of hours co-operative or extended rota.

15.10.2 A supplementary golden hello averaging £5,000 will be payable to every eligible GP taking up a substantive post in one of the 40% most deprived practices in Scotland. These practices have been defined using information held centrally which shows the level of deprivation payments paid to each practice per 1,000 patients. Payments will be made on a sliding scale with increases at a linear rate between £2,500 and £7,500 with those practices in the most deprived areas receiving the highest payment. Details of the 40% most deprived practices will be reviewed and amended as necessary or on an annual basis and will be passed to Primary Care Trusts/NHS Boards to ensure that any new GP applying for a post knows in advance whether the post attracts a supplementary payment of this nature and if it does, the level of such payment.

15.10.3 Where a practice meets both the remote and rural and the deprivation criteria, the GP will be eligible for one supplementary golden hello only, whichever is the more favourable.

Job Sharers

15.11 Each partner in a job-sharing arrangement will be eligible individually for payment under paragraphs 15.1 and 15.10 if he or she satisfies the appropriate conditions.

15.12 The amount of money payable will be dependent on the time commitment of the job-sharer as specified in paragraph 1/schedule 1.

Changes in Circumstances

Extra payments

15.13 These paragraphs are intended to ensure that if a practitioner has a change in circumstances involving an increase in time commitment and/or a move to or increase in time commitment in an area that attracts additional payments within two years of the first appointment she or he will be entitled to make a second claim based on these new circumstances. An increase in commitment and/or move to an area that attracts additional payments under paragraphs 15.14 - 15.18 may occur within post, by starting a different post or by taking a second post.

15.14 An eligible practitioner who increases his or her commitment (in an eligible position as specified in 15.2) within 6 months of taking up an eligible post, to such a level as would have attracted a higher payment had the position been the first held will receive the standard payment for their new commitment less any payment they have previously been awarded under this paragraph.

15.15 An eligible practitioner who between six months and two years of joining general practice increases his or her commitment (in an eligible position as specified in 15.2) to such a level as would have attracted a higher payment had the position been the first held, will receive half of the difference between the full payment for their current commitment and the payment for their previous commitment as awarded under this paragraph.
15.16 Practitioners whose changes in circumstances involve a move to an area attracting additional payments, at the time of that change, will be eligible for extra additional payments. These payments will be calculated as in paragraphs 15.14-15.16. An increase in commitment will not be necessary to attract payments under this paragraph.

15.17 Where payment under 15.16 is due to a practitioner taking a second post, payments should be based only on the practitioner's percentage commitment in the area attracting additional payments.

15.18 Practitioners who move to another post within the same area which attracted additional payments when she/he took up the first post but has subsequently ceased to attract additional payments and increases his/her commitment (in an eligible post as specified in 15.2) to such a level as would have attracted a higher payment had the position been the first held, will be eligible for extra additional payments. These will be calculated as in paragraphs 15.14 - 15.15.

15.19 A doctor in receipt of a standard payment does not receive an additional payment where:

- the area in which they practice is subsequently designated as attracting an additional payment
- she/he moves to a post within the same area which was not included in the list of those areas attracting an additional payment at the time she/he took up the first post but has subsequently been designated as an area attracting additional payments.

Return of Payment

15.20 Where, within two years, a practitioner in receipt of payments under paragraph 15.1 or 15.10 and 15.13 - 15.19 stops providing or assisting in the provision of general medical services or performing PMS as:

- a GP principal on the medical list of a PCT/NHS Board
- an employee of a principal assisting in the provision of general medical services under paragraphs 18, 19, or 52 of this Statement.
- a PMS performer

she or he will be required to return some or all of the payment received as specified in paragraph 15.21.

15.21 The proportion of the payment returnable will be dependent on the amount of time spent in general practice as shown below:

<table>
<thead>
<tr>
<th>Time Period</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>less than 6 months</td>
<td>100%</td>
</tr>
<tr>
<td>from 6 months to 2 years</td>
<td>50%</td>
</tr>
</tbody>
</table>

15.22 The provisions for the return of payments will not apply where the PCT/NHS Board is satisfied that the practitioner has ceased to work in this capacity due to:

i. death
ii. enforced early retirement from general practice due to illness or injury

iii. exceptional personal circumstances and with the approval of the PCT/NHS Board

iv. maternity (or other extended parenting leave agreed by the PCT/NHS Board) provided the GP gives an undertaking that (s)he will return to practise and does so within a reasonable period, to be considered case-by-case by the PCT or NHS Board. (As a minimum absences of up to two years will normally be considered reasonable, but requests for any longer periods should be considered sympathetically by the PCT or NHS Board).

v. transfer to a post under GMS or PMS arrangements elsewhere in the UK

15.23 Periods of absence under 15.22 iii and iv shall not be included in the computation of periods of time for the purposes of paragraphs 15.13 - 15.21 and 15.24.

15.24 Practitioners in receipt of an additional payment shall be liable to return some or all of the sum received if they move to an area, which at the time of the move does not attract an additional payment, within two years of receiving it. The criteria for return of the money will be the same as set out in paragraphs 15.20 - 15.22 and 15.25.

15.25 Practitioners in receipt of an additional payment shall not be liable to return the sum received if:

- the area in which she/he practices ceases to attract additional payments
- she/he moves to another post within the same area which attracted additional payments when she/he took up the first post but has subsequently ceased to attract additional payments

**Payments for non-principal Doctors new to Primary Care**

15.26 A practitioner employing a doctor under paragraphs 18, 19 or 52 of the SFA on a fixed term contract of more than two years will be eligible for payments under this scheme as shown in paragraph1/schedule1 provided the doctor being employed satisfies the eligibility criteria set out in paragraphs 15.1 and 15.6. Payments will follow paragraphs 15.1 - 15.10.

15.27 The amount of money payable will be dependent on the commitment of the qualifying doctor, as agreed with the local PCT/NHS Board and based on the normal contracted hours within the local area of the doctor being employed. Doctors with a commitment of less than 20% will not be eligible for payment.

15.28 Where the doctor is employed under paragraph 19 of the SFA additional payments will be based on the percentage time commitment, as agreed with the local PCT/NHS Board, in an area attracting additional payments.

15.29 Doctors may attract extra payments if their circumstances change within two years of taking a first post. Paragraphs 15.13 - 15.19 will apply.
15.30 Where a doctor becomes eligible for extra payments due to taking a second post payments should be paid to the employing practitioner with whom the doctor has the largest percentage time commitment or in such other way as agreed by the doctor, practices and PCT/NHS Board.

15.31 General practices should ensure that the full amount of the payment (less any deductions for tax, National Insurance or superannuation) is paid to the qualifying practitioner.

15.32 Some or all of the payments made under paragraph 15.26 - 15.30 may be liable to be returned if within two years the doctor ceases to be employed within primary care or moves to a post in a PCT/NHS Board not at the time of the move attracting an additional payment. Paragraphs 15.20 - 15.25 shall be used to determine the sum to be returned.

**Relocation Costs**

15.33 Where a GP (whether newly qualified or not) takes up a substantive post in a remote and rural area (as defined at paragraph 1/Sch 1), support for relocation costs is available as follows:

- Subject to the submission of three competitive tenders where practicable,
- GPs are eligible to claim up to the first £2,000 of relocation costs, assessed against the lowest tender.

**Recruitment Costs**

15.34 Subject to submission of appropriate receipts, practices in remote and rural areas as defined at paragraph 15.10.1 above, are eligible to claim up to the first £2,000 of recruitment costs, including, in exceptional circumstances, the cost of locum cover where there were difficulties and delays in finding a replacement partner and the basic practice allowance is not payable.

**Retention Incentives**

15.35 Reimbursement of expenses incurred of up to £1,000 per annum will be payable to GPs aged 55 and over for undertaking at least one of the following clinical/organisational activities:

- Providing mentoring/additional support to young GPs;
- Additional work on clinical governance;
- Relieving clinical pressure by providing additional GP sessions;
- Enhanced professional development; or
- Paying for out of hours cover.

15.36 Such reimbursements can be used to reduce workload pressure on older GPs. In order to secure the £1,000 payment a GP should inform their PCT/NHS Board, at the time of claiming payment, of the activities they have chosen to undertake. Claims for payment should
also be accompanied by the relevant receipts. Any other activity not listed at paragraph 15.35 would require, for payment purposes, the agreement of the PCT/NHS Board.

15.37 Applications for payment should be made using the forms attached to PCA(M)(2003)6. Once completed, forms should be submitted to the Primary Care Trust/NHS Board for authorisation and onward transmission to Practitioner Services Division.
